

**NEWS FLASH !!**

**PREVINET NOMINATED AT THE  
"EUROPEAN PENSIONS AWARDS 2009"  
FOR THE SECOND YEAR IN A ROW**

Following the huge success of the 2008 European Pensions Awards event, European Pensions Magazine is now in its second year. The 2008 Summer Gala hosted a sell-out event and played host to over 400 pension professionals from across the European pensions sphere.

After its successful win at the **European Pensions Awards in 2008**, Previnet has again participated in the European Pensions Award for 2009.

Previnet is pleased to announce that it has been shortlisted in the 2009 Awards, in two categories:

- **'Pension Scheme Administrator of the Year '**

The key role of the administrator is often overlooked but without an excellent administration service the pension fund member could not receive the level of service they deserve. This award recognises those administration firms that have gone beyond the minimum standards required to offer a truly value added service to their clients.

- **'Pensions Technology Provider of the Year'**

Effective and reliable pensions technology is essential for the successful running of any pension fund. This award will recognise those firms that are leaders in the field of pensions technology, and ultimately reward who is the best of the best.

The winners will be announced at the Awards presentation on Thursday 9th July 2009, at the Royal Lancaster Hotel, Lancaster Gate, London..

Another interesting point worth mentioning is the participation by Martino Braico, one of Previnet's senior managers, in the judging panel of this year's prestigious event.

From the details available at the link below Previnet is competing alongside some very tough opponents, however the shortlisting is a credit to Previnet's continued national and cross-border achievements over the last few years.

The European Pensions Awards, now in their second year, have been designed to recognise outstanding achievement in the varied fields of European pension provision, honouring the investment firms, consultancies and pension providers across Europe that have set the professional standards in order to best serve European pension funds in these increasingly challenging times.

The 2008 Awards were a huge success, receiving over 200 nominations from key providers across Europe. The prestigious Awards Summer Gala, where the winners were announced, was also a sell-out event, and played host to more than 400 pension professionals from across the European pensions sphere.

This year, we have again put together a list of 25 categories spanning various fields of pension provision with a view to acknowledging and ultimately encouraging best practice in the European pensions space. Nominations are now closed, so many thanks to all of you who took the time to enter the awards and congratulations to those companies that have made it on to the shortlist.

Many thanks also to our extensive panel of expert [judges](#) – which consists of a number of key individuals
