

NEWS FLASH !!

PREVINET NOMINATED AT THE
"EUROPEAN PENSIONS AWARDS 2011"

The European Pensions Awards have been designed to recognise outstanding achievement in the varied fields of European pension provision, honouring the investment firms, consultancies and pension providers across Europe that have set the professional standards in order to best serve European pension funds in these increasingly challenging times.

The three previous awards were hugely successful, each receiving hundreds of nominations from key providers across Europe. The prestigious Awards Summer Gala, when the winners are announced, plays host to hundreds of pension professionals from across the European pensions sphere.

After its successful win at the **European Pensions Awards in 2008**, Previnet has again participated in the European Pensions Award for 2011.

Previnet is pleased to announce that it has been shortlisted in the 2011 Awards, in two categories:

- **'Pension Scheme Administrator of the Year'**

The key role of the administrator is often overlooked but without an excellent administration service the pension fund member could not receive the level of service they deserve. This award recognises those administration firms that have gone beyond the minimum standards required to offer a truly value added service to their clients.

- **'Pensions Technology Provider of the Year'**

Effective and reliable pensions technology is essential for the successful running of any pension fund. This award will recognise those firms that are leaders in the field of pensions technology, and ultimately reward who is the best of the best.

The winners will be announced at a black tie Awards Gala at London's prestigious Grosvenor House Hotel, Park Lane, London on **Thursday 30 June 2011**.

From the details available at the link below Previnet is competing alongside some very tough opponents, however the shortlisting is a credit to Previnet's continued national and cross-border achievements over the last few years.
